

BEFORE THE DELAWARE STATE FIRE PREVENTION COMMISSION

IN RE: BRYCE SAXMANN)
) CASE NO.: 2019
EMT I.D. NO.: 168882)

ORDER

WHEREASE, a hearing was held before the Delaware State Fire Prevention Commission on August 18, 2020, concerning a disciplinary complaint against Bryce Saxmann (“Respondent”).

WHEREAS, at the conclusion of that hearing, the Commission ordered the following:

1. Respondent’s EMT license shall be suspended for a period of one year. The suspension commenced on August 18, 2020 and shall continue until August 18, 2021.
2. During the period of suspension, Respondent shall undergo appropriate treatment for substance abuse, which shall include, at a minimum, two counseling sessions per month. Respondent shall provide monthly reports to the Commission on the progress of her treatment. If the Commission learns that Respondent is non-compliant with her treatment, the Commission may revoke Respondent’s certification. Upon successful completion of her period of Suspension, Respondent shall report to the Commission to determine what, if any, additional steps may be appropriate before Respondent may be considered in good standing.

WHEREAS, toward the end of the conclusion of the one-year suspension, Respondent reported positive progress in her treatment and requested that her case be heard at the Commission’s next regularly-scheduled monthly meeting.

WHEREAS, the Commission scheduled Respondent’s case at its meeting on August 17, 2021. The Commission’s Investigator reported that Respondent completed her one-year suspension and noted that Respondent could begin the process of becoming fully reinstated as a Delaware EMT. The Investigator also recommended that the Commission consider placing

Respondent on a two-year probationary period assuming successful reinstatement as a Delaware EMT.

WHEREAS, Respondent appeared before the Commission and also reported on her positive progress with her treatment and noted that she has become reemployed, as a dispatcher, at the company that had previously reported her unprofessional conduct that ultimately resulted in her one-year suspension. Respondent did not express any opposition to the suggestion that she be placed on probation for two years assuming successful reinstatement.

NOW THEREFORE, IT IS HEREBY ORDERED, THAT

1. Respondent is no longer suspended as a Delaware EMT and may take any and all necessary actions to become re-certified as a Delaware EMT.

2. That assuming Respondent completes the necessary steps to become reinstated, that she be placed on a two-year probation period. At the end of the first year, however, Respondent may request that she be removed from probationary status and provide whatever information may support the request for early termination of probation. If the two-year period expires without any incident or other action by the Commission, Respondent's probation will automatically expire without further action or order of the Commission.

3. The Commission reserves the right to order Respondent to treatment, as permitted by law, during this two-year probation period if additional information comes to the Commission's attention justifying such action.

IT IS SO ORDERED, this 18th day of August, 2021 by the Commission:
