

State of Delaware CPR/AED Requirements for EMS Certification

The list of approved BLS level CPR/AED courses is developed by the Delaware Office of Emergency Medical Services and approved by the Delaware State Fire Prevention Commission. The List of Courses below are the only type accepted for any level of EMS Certification in the State of Delaware.

The Primary approved certification is American Heart Association (AHA) Basic Life Support (BLS) Provider CPR/AED Certification. There are equivalents as approved by the Delaware State Fire Prevention Commission. One of these are required to receive certification. The Delaware State Fire School is an approved AHA Training Center. Other services across the State can be found by visiting <http://ahainstructornetwork.americanheart.org/AHAecc/classConnector.jsp?pid=ahaecc.classconnector.home>

The following CPR/AED Cards will be accepted:

- American Heart Association – BLS Provider
- American Red Cross – Professional Rescuer CPR
- American Safety & Health (ASHI) – CPR Pro for the Professional Rescuer
- Emergency Care & Safety Institute – Professional Rescuer
- EMS Safety Services, Inc
- ProTraining/Pro CPR
- National Safety Council (BLS for HealthCare, Professional Rescuers)
- Coyne First Aid (Industrial Facilities)

Any other version or level will NOT be accepted for EMS Certification in the State of Delaware. You must have certification through a full or hybrid course with written testing & practical skills evaluation.

Questions about these courses & how they are selected can be directed to the Delaware Office of Emergency Medical Services.

Questions about CPR with EMT Certification can be directed to State Fire Prevention Commission

Question about CPR with EMR Certification can be directed to Delaware State Fire School.
